

Job Description

Job Title: Pharmacy Technician
Accountable to: Pharmacist/Head of Healthcare

Practice Plus Group's mission is **Access to Excellence**. Our core values are;

- We treat patients and each other as we would like to be treated
- We act with integrity
- We embrace diversity
- We strive to do things better together

Patients can only access excellence if we commit to living our values in everything we do when we're at work.

We believe in putting the patient first, regardless of the environment or their history. The prison population is one of the most vulnerable and challenged patient groups in society and the delivery of their health care is conducted within often difficult and demanding environments.

The role

As a GPHC registered pharmacy technician with Practice Plus Group you will become an integral member of pharmacy team, as well as a valued member of the multidisciplinary clinical healthcare team.

You will;

Provide outstanding quality based patient centred care to our patients seeking out, listening to and acting on their feedback so that care is personalised and informed by what matters to them. Focusing on providing a safe and secure medicines management service, ensuring patient medical records are maintained to the agreed standard at all times and ensuring standard operating procedures are followed to a high and orderly standard.

Deliver non-judgmental care within the scope of professional standards. Involving anything from the timely administration of medicines through to analysing cost effective prescribing as defined through our unique health in justice medicines policy. You will make a real difference by working as a key member of a multidisciplinary team of healthcare professionals.

Inspire excellence by forging strong links within our teams, our partners and stakeholders and providing a service that people can trust, feel safe within and feel proud of. Work together to make a difference to all the people we support, and make Practice Plus Group, a place where each of us feels appreciated, challenged and supported to do our best work – fulfilling the lives of others.

Promote best practice, evidence based care and continuous quality improvement embedding a culture of shared learning. Communicate complex or sensitive information whilst demonstrating empathy and understanding to patients.

Share information relating to pharmaceutical products, medicines optimisation, drug regimes, medicines legislation and general health education so that the multidisciplinary healthcare team are appropriately informed.

About you

- NVQ Level 3, or above, BTEC or equivalent
- Registration with the General Pharmaceutical Council
- Up to date with Continual Professional Development (CPD)
- Relevant post-qualification pharmacy experience
- General GCSE education or equivalent
- Excellent communication and interpersonal skills
- Able to work unsupervised whilst following policy and procedures
- Good IT skills and IT literacy
- A non-judgmental and compassionate approach
- Able to work within a busy environment
