

Job Description

Job Title: Mental Health Nurse
Accountable to: Clinical Lead

Practice Plus Group's mission is **Access to Excellence**. Our core values are;

- we treat patients and each other as we would like to be treated
- we act with integrity
- we embrace diversity
- we strive to do things better together

Patients can only access excellence if we commit to living our values in everything we do when we're at work.

We believe in putting the patient first, regardless of the environment or their history. The prison population is one of the most vulnerable and challenged patient groups in society and the delivery of their health care is conducted within often difficult and demanding environments.

The Role

As a Mental Health Nurse you will work within a multi-disciplinary team carrying out comprehensive assessments, initiating and reviewing care plans, and developing treatment options. You will undertake medication rounds, and assess and treat patients who may have undergone traumatic experiences and may be distressed. You will assess patient's health needs using an evidence based framework and be able to risk assess use sound clinical knowledge.

You will contribute to our nursing strategy and vision to;

Provide outstanding evidence based care to our patients, seeking out, listening to and acting on their feedback, so that care is personalised and informed by what matters to them. You will work with individuals providing advice, support and information and manage a case load of patients.

Deliver non-judgemental care that makes a real difference. You will monitor therapeutic responses to medication and potential side effects liaising with prescribers as required.

Inspire excellence by forging strong links with our partners and stakeholders and providing a service that people can trust, feel safe within, and feel proud of.

Promote best practice, clinical supervision, evidence based care and continuous quality improvement, embedding a culture of shared learning.

Share knowledge, skills and expertise to ensure safe care, building strong multi-disciplinary teams and supporting each other to do a great job.

About you

- Qualified Mental Health Nurse
- Current NMC registration
- Evidence of Continued Professional Development
- Experience of working with patients, face to face, who have complex mental health conditions
- Experience of psychosocial interventions, group work and awareness of substance misuse
- Sound clinical knowledge and assessment skills including risk assessment
- Understanding of the complexities of multi-disciplinary and multi-agency working
- A non-judgmental and compassionate approach
- Excellent communication skills and ability to gain appropriate level of consent
- Understanding of clinical governance, health and safety, QOF, EBP and national standards
- Good IT skills and IT literacy
- Knowledge of evidence based practice, health promotion, NICE guidelines and pharmacology
- Proactive problem solving skills
- Flexible attitude to working arrangements
- Motivated as an individual and when working in a team
- Able to work within a busy environment
- Willing to learn and develop being committed to self-development

- Patient centred values
